On 31 July 1952 there were 24,770 military motor vehicles in Communist China, according to a survey made by the Central Supply and Service Command of the Chinese Communist Revolutionary Military Council. The following breakdown indicates in approximate figures the origin of these vehicles:

- 12,000 manufactured in the Soviet Union or Czechoslovakia.
- 11,000 formerly owned by the Nationalist Government.
- 1,000 imported or procured from mainland residents.
- 700 armored cars, trucks and jeeps manufactured in Communist China.
